

# The Prophecies Of Alois Irlmaier

(1894-1959)

(Unapproved)

On this page statements of Alois Irlmaier are listed, which refer to a big war in the future. Conrad Adlmaier got these statements when discussing with Alois Irlmaier and published them later. In addition also statements are listed, which Conrad Adlmaier did not publish in his books, but indicated to a third person orally. In these statements Alois Irlmaier shows an almost precise description of a large battle in the future.<sup>1</sup>

First there's an economic vitality like never before. A lapse of faith follows, like never before. Then a corruption of morals, like never before. A huge number of strangers flood the country. Then comes a massive inflation. Paper money loses its value more and more. Soon follows the revolution. Then overnight the Russians raid the West.<sup>2</sup>

What causes the war?

Everything calls peace, Schalom! Then it will occur—a new Middle East war suddenly flames up, big naval forces are facing hostility in the Mediterranean—the situation is strained. But the actual firing spark is set on fire in the Balkan: I see a “large one” falling, a bloody dagger lies beside him, then impact is on impact. . .

Two men kill a third highranked. They were paid by other people.

The third murder occurred. Then the war starts.

One of the murderer is a small black man, the other a little bit taller, with brightcolored hair. I think, it will be at the Balkans, but cannot say it exactly.

The year before the war will be a fruitful year with much fruit and grain. After the murder of the third it starts overnight. I see quite clearly three numbers, two eights and a nine. But I cannot say what it means and cannot state a time. The war begins at sunrise. He comes along rapidly. The farmers sit in the pub playing cards, when the foreign soldiers look through the windows and doors. Quite black an army comes from the east, but however everything occurs very rapidly. I see a three, but I do not know if it means three days or three weeks. It comes from the golden city. The first worm begins at the blue Water in the northwest and goes to the Swiss borders. As far as Regensburg no more bridges crossing the Danube exist, they do not come from the south of the blue water.

. . . Then impact is on impact. Massed units march from the East into Belgrade and move forward to Italy. Thereafter three armored wedges immediately advance with lightning speed in the north of the Danube over West Germany towards the Rhine—without preliminary warning. This will occur so unexpectedly that the population flees full of panic to the west. Many cars will clog the roads—if they would have stayed at home or would not have used the main streets. Everything, which will be an obstacle for the rapidly advancing tanks on highspeed-motorways and other fast-motorways, will be down-rolled. I cannot see any Danube-bridges above Regensburg anymore. Hardly anything remains of the big city Frankfurt. The Rhine Valley will be devastated, mainly by air.

<sup>1</sup>Typesetter's note: although the following prophecies are yet unapproved by the Church, many details resemble several others given by various saints and mystics.

<sup>2</sup>The revealed portion of the Third Secret of Fatima, and its equivalent portion in our Lady's message in Akita, tells of a fire falling from the sky during the chastisement.

I see three spearheads coming: the below spearhead comes along over the forest, but then pulls up itself northwesterly alongside the Danube. The line is for instance Prague, Bavarian forest and northwest. The blue water is the southern boundary. The second spearhead goes from east to west over Saxonia, the third from northeast to southwest. Now I see the earth like a ball before me, on which the lines of the airplanes step out (project), which do now fly up like swarms of white pigeons from the sand. The Russian does not stop anywhere, while running in his three wedges. Day and night they run in order to reach the Ruhrdistrict, where the many furnaces and fire-places are.

The second spear comes westwards over Saxonia towards the Ruhrdistrict, exactly like the third, which goes from northeast westwards over Berlin. Day and night the Russians run, inexorably their target is the Ruhrdistrict.

Immediately the revenge comes from across the large water. However the yellow dragon invade in Alaska and Canada at the same time. But he comes not far.

I see the earth like a ball before me, on whom now the white pigeons fly near, a very large number coming up from the sand. And then it rains a yellow dust in a line. When the golden city is destroyed, it begins. Like a yellow line it goes up to the city in the bay. It will be a clear night, when they begin to throw it. The tanks are still driving, but those who sit in these tanks became quite black. Where it falls down, everything will be dead, no tree, no bush, no cattle, no grass, this becomes withered and black. The houses still exist. I don't know, what it is and so I cannot tell it. It is a long line. Who goes over this line, dies. The ones, who are on the one side cannot go over to the other side. Then everything at the spearheads breaks down. They all must go to the north. What they have with them, they throw away. Nobody will come back anymore.

The airplanes drop a yellow powder between the Black Sea and the North Sea. Thus a death strip is created, straight from the Black Sea to the North Sea, as wide as half Bavaria. In this zone no more grass can grow, let alone humans live. The Russian supply is interrupted.

Swarms of pigeons ascend from the sand. Two herds achieve the combat area from the west to southwest... The squadrons turn towards the north and cut off the course of the third army. From the east there are many caterpillars. But in the caterpillars everybody is already dead, although the vehicles keep rolling on, in order to gradually stop automatic. Here, the pilots also throw off their small black boxes. They do explode, before they touch the soil, and spread a yellow or green smoke or dust. What comes in contact with this becomes dead, whether it is a human, an animal or a plant. For one year no organism is allowed to enter this area, otherwise it will expose itself to the largest mortal danger. At the Rhine the attack is finally repelled. From the three spearheads no soldier will come home anymore.

These boxes are satanic. When they explode, a yellow and green dust or smoke arises, everything that comes in contact to it, is dead, it is a human, an animal or a plant. The humans become quite black and the meat fall off their bones, so sharply is the poison.

By a natural catastrophe or something similar the Russians suddenly evade to the north. Around Cologne the last battle has started.<sup>3</sup>

At the Rhine I see a half-moon, which wants to devour everything. The horns of the sickle want to close. What this means, I do not know.

Then they are flying to the north. In the center there is a mark, there lives nothing anymore, no human, no animal, no grass. They fly to the quite north, where the third spearhead had come in, and do cut off everything. So they will all be murdered, nobody from these three armies will come back

home anymore. But then I see someone flying, coming from the east, who drops something into the large water, so that something strange will happen. The water lifts itself as high as a tower and falls down, then everything is inundated (flooded). There is an earthquake and the half of the big island will sink. The whole action will not last long, I see three lines—three days, three weeks, three months, I don't know exactly, but it won't last long!

A single airplane, which comes from the east, throws something into the large water. Then the water lifts itself as high as a tower and falls down. Everything is inundated. There is an earthquake. The southern part of England slips into the water. Three large cities will be ruined: one will be destroyed by the water, the second is located so high in the Sea, that you can only see the church tower and the third falls in.

One part of England disappears, when the thing falls into the sea, which the pilot drops. Then the water lifts itself as high as a tower and falls down. What this thing is, I do not know.

The countries at the sea are endangered of the water heavily, the sea is very unrest, the waves go high as a house; it foams, as if it would cook/boil in the underground. Islands disappear, and the climate changes. A part of the proud island sinks, if the thing falls into the sea, which the pilot drops. Then the water lifts itself as high as a tower and falls down. What this thing is, I do not know. When it comes, I do not know.

The January will be so warm at some time that the mosquitos will dance. It can be that we already come into a time, when there won't be a normal winter at all, like we do know him now.

During the war the big darkness comes, which lasts 72 hours.<sup>4</sup> It will become dark at a day during the war. Then a hail impact, consting of lightning and thunder, breaks out and an earthquake vibrates the earth. Please do not go out of the house at that time. The lights do not burn, except candle light,<sup>5</sup> the current stops. Who inhales the dust, gets a cramp and dies. Do not open the windows, cover it completely with black paper. All open-standing water become poisonous and also all open-standing meals, which are not in locked doses. Also no meals in glasses, because they would not cover it up completely. Outside the death by dust goes around, many humans die. After 72 hours everything is over. But again: Do not go out of the house, do not look out of the windows, and keep the candle light burning. And pray. Overnight there will die more humans than in the two world wars before.

Do not open a window during during the 72 hours. The rivers will have so few water that you can easily pass them. The cattle falls, the grass becomes yellow and dry, the dead humans will become quite yellow and black. The wind drives the clouds of death off to the east.

The city with the iron tower becomes the victim of the own people. They ignite everything. Revolution is, and everything is going wildly. The islands before the coast sink, because the water is quite wild. I see large holes in the sea, which will be filled, when the enormous waves return. The beautiful city at the blue sea sinks almost completely in the sea and in the dirt and sand, which the sea ejects. I see three cities sinking in the south, in the northwest and in the west.

The large city with the high iron tower is on fire. But this has been done by the own people, not by those, which came from the east. And I can exactly see that the city is made equal to the ground. And in Italy it is going wildly too. They kill many people there and the Pope flees, but many clergymen will be killed, many churches collapse.

In Russia a revolution breaks out and a civil war. The corpses are so much that you cannot remove

them off the roads anymore. The cross comes to honours anew. The Russian people believe in God anew. The large ones among the party leaders commit suicide and in the blood the great guilt is washed off. I see a red mass, mixed with yellow faces, it is a general riot and horrible killing. Then they sing the Easter song and burn candles in front of sacral pictures. By the prayer of the Christianity the monster of hell dies; also the young people believe anew in the intercession of the God's mother.

After the victory an emperor<sup>6</sup> is crowned by the fleeing Pope. How long all this lasts, I do not know. I see three nines. The third nine brings the peace. If everything is over, a part of the inhabitants have died, and the people are frightened of God anew. The laws, which bring death to the children, become invalid after the clearing. Then peace will be. A good time. I see three crowns flashing, and a gaunt old man will be our King. Also the very old crown in the south comes to honours again.

The Pope, who had not to flee across the water for a long period of time, returns<sup>7</sup>. When the flowers bloom on the meadows, he will return and mourn for his murdered brothers.

After these events a long, lucky time comes. Those, who will experience it, will be very happy and can praise themselves lucky. But the people have to begin there, where their grandfathers began.

<sup>6</sup>The Great Monarch

<sup>7</sup>Pope Saint Pius X had a vision of a successor with the same name (unknown whether regnal or birth name) who flees Rome during a calamity. The revealed portion of the Third Secret of Fatima, and its equivalent portion in our Lady's message in Akita, tells of the Pope's sufferings.
